

# Summer Reading Together

Keep your kids reading all summer long and give them a chance to win great prizes!

Summer learning loss is real. Research shows that an average of six weeks in the fall are spent relearning material that was forgotten during the summer.

Our [Summer Reading Together](#) program will help you keep your kids reading all summer! It's packed with chances for kids to win monthly and grand prizes so they stay motivated. We have resources to help get kids started reading, and fun activities to keep them engaged.

In alignment with the Collaborative Summer Library Program and libraries across the country, we've pulled together some of our favorite stories to align with the 2024 Adventure Begins at Your Library summer reading theme. Check out these titles for [Elementary School](#), [Middle School](#), and [High School](#).

You can find book recommendations and activities in the following packets:

- [Elementary School Summer Reading Packet](#)
- [Middle School Summer Reading Packet](#)
- [High School Summer Reading Packet](#)

Head over to the [Summer Reading Together Landing Page](#) for even more resources!

## Prizes!

Four students win each month and four win at the end of the summer for overall reading. Top students who read the most pages or who have the most days spent reading 20 minutes or more will win.
